Good afternoon State Presidents and Secretaries,

In line with our ongoing commitment to maintaining the highest standards of integrity and safety in our sport, we request your assistance in the following areas:

**Update National Integrity Framework Documentation:**

Please ensure that the National Integrity Framework documents or links are up-to-date on your website. This is essential to guarantee that all members, coaches, and officials have access to the most current information. [Governance | National Integrity Framework](#)

**Child Safety Resources for Parents:**

We ask that you provide a link to the Sports Integrity Australia Child Safety Resource to all parents with children involved in croquet. This resource is crucial for ensuring that parents are informed and engaged in safeguarding practices. [Resources | Sports Integrity Australia](#)

**Child Safe Do's and Don'ts Resource:**

Please distribute the Child Safe Do's and Don'ts resource link to all coaches and officials within your organisation. This will help them understand the key practices that must be followed to ensure a safe environment for our younger participants. [Resources | SIA Do's and Don'ts](#)

**Play by the Rules Magazine Issue 42:**

Lastly, we request that you place a link to Play by the Rules Magazine Issue 42 on your website and in relevant communications. This issue contains important information regarding the National Integrity Framework and will serve as a valuable resource for our community. [Resources | PBTR Magazine 42](#)

Croquet Australia is working with Sports Integrity Australia to produce croquet branded posters promoting fair play. These will be distributed when available and can be placed in clubrooms and venues.

Thank you for your prompt attention to address the above. Ensuring the integrity of our sport and the safety of our participants is important to us and your cooperation is essential in achieving this goal.

Regards

Sue Gliddon
