**(Eligibility based on age at January 1, 2021)**

**Entries close Monday 27 September**

# INVITATION

Parents and Grandparents, would you like your children or grandchildren to participate in an inexpensive healthy outdoor sport where boys and girls can compete on equal terms and injuries are non-existent?

Croquet gives youngsters who start participating early the opportunity to represent their school and club, state and country like these young men, brothers from regional Victoria, who have represented Australia in the prestigious MacRobertson Shield Tournament against the UK, USA and New Zealand.

The eleven Tasmanian croquet clubs, conveniently located in the North West (Devonport and Latrobe}, Launceston (4 clubs), North East (St Helens) and Hobart (4 clubs), details of which can be found [here](#), are all keen to offer opportunities for junior members. Clubs provide equipment (mallets) for new players so there is no need to commit to purchase equipment until the new player has decided to continue with the sport.

Tasmania's first underage championships were held in 2019, 2020 was missed owing to Covid, and we are keen to recommence this opportunity for youngsters regardless of their experience or skill levels.

The championships are open to all, the only proviso being membership of a Tasmanian croquet club. Annual club memberships for juniors (including State and National Sporting Organisation levies) are as little as \$50.00.

**This year no entry fee is payable for the championships.**

Jamie Fleming (pictured), who won the Under 14 Championship in 2019 is keen to keep the handsome trophy on his mantelpiece for another 12 months.

Invite your young child or grandchild to challenge Jamie's hold on the Under 14 trophy and older children to compete for the Under 21 trophy.
